LINKs are to be found locally anywhere in England, they are run by the community for the community with the purpose to improve health and social care locally. Many LINKs have organised local events and have information available on this and other subjects – look up your local LINK and give them a call. LINKs are the forerunner of HealthWatch which should take over their work in April 2012. Find your local LINK at <http://www.nhs.uk/NHSEngland/links/Pages/links-make-it-happen.aspx>
