

## About Made-Well

Made-Well is a not for profit community interest company, based at West Fishleigh Farm in Hatherleigh. The service provides a range of constructive, purposeful and positive 'day opportunities' for people with learning disabilities, physical disabilities and mental ill health diagnosis. Made-Well is an inclusive service with the ethos of actively encouraging full participation irrespective of age, background, qualifications, training or ability.

We support people to enjoy, experience and learn about horticulture, cookery, animal care, therapeutic arts, countryside management and much more...

We run an extensive range of sessions which are designed to offer people a wide choice of meaningful activities.

Made-Well is a fantastic place to visit and we have facilities and events open to the public. The new children's play area and garden is now complete and has swings, slides, a wooden play house, outdoor chime and a climbing frame. The play area has lovely scenic views and is right next to some of our animals, who just love a fuss. The cafe is always stocked with tasty light snacks, homemade cakes and refreshments. Visitors are always welcome...
